

**BUILD THE COMMUNITY,
BUILD YOUR FUTURE.**

CAREER OPPORTUNITY:

LoBoy Operator

ALL LOCATIONS – Wisconsin

Are you looking for a rewarding career, and a chance to help build your community? Do you enjoy variety and working in a fast-paced environment? MCC, Inc. is looking for motivated and detail-oriented candidates to join our team. **No experience? We provide on the job training!**

LoBoy Operator Responsibilities:

LoBoy Operators are responsible for the safe and timely transport of our equipment to various jobsites and locations. Following the successful completion of our training program drivers must be able to safely operate various types of heavy equipment while following loading and unloading procedures for transport. Responsibilities also include planning appropriate truck routes, knowledge of road weight limits, and how to respond to other obstacles during equipment transportation. Additionally, Operators must ensure that proper load securement procedures and other DOT regulations are followed at all times. The ideal candidate would be able to work in a team environment and possess professional and concise communication skills to be able to communicate and take directives from multiple teams to ensure efficient business operations.

Safety is a top priority at MCC, Inc. Drivers are expected to work safely on all job sites, around all types of moving equipment and traffic. Drivers are responsible for maintaining clean equipment and ensuring compliance with all work-place rules and regulations according to company policy, and all governing agencies.

MCC, Inc. is a versatile company that requires employees to cross-train on other duties or work-tasks as assigned, including but not limited to, operating Dump Truck, Loader, or other related equipment.

LoBoy Operator Requirements:

- Class A CDL with a current Federal Medical Card, and acceptable driving record is required.
- Demonstrate excellent customer service skills, including communication skills (verbal and written).
- Ability to read and interpret maps, and ability to provide and comprehend clear instructions or directions (general and technical).
- Reasoning Skills (problem solving and troubleshooting skills).
- Ability to assess job site hazards and work safely to prevent on the job accidents and injuries.
- Must be able to handle multiple tasks and priorities in a fast-paced work environment.
- High School Diploma or Equivalent, with an understanding of basic math preferred.
- Experience in concrete and knowledge of concrete materials/additives is helpful, but not required.
- Basic mechanical capabilities preferred.
